DETAILED ACTION

Allowable Subject Matter

1. Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach, disclose, or suggest, either alone or in combination a surface acoustic wave (SAW) device disposed on the first main surface of a piezoelectric substrate, said SAW device including a first and a second pyroelectric charge cancellation electrode located near an edge defined by the first end and the first main surface; wherein the first and second pyroelectric charge cancellation electrodes are electrically connected via electrodes contained in the package.

Therefore, the limitations contained on claims 1-21 are considered to be in condition of allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.
